中国是世界工厂，但我们更要做制造强国。中国要实现现代化，方方面面都要强起来。
作为长江上游城市，要强化上游担当，不能沿江“开黑店”、排污水，要以能酿出美酒的标准，想方设法保护好长江上游水质，造福长江中下游和整个流域。

—— 2022年6月8日习近平总书记在宜宾考察时指出

China is the world's factory, but we aspire to be a manufacturing power. China should realize modernization, and it also must become stronger in every aspect. As a city in the upstream region of the Yangtze River, it is necessary for Yibin to shoulder its responsibility for the upstream region of the Yangtze River. It is not permitted to “run a protection racket” and discharge sewage along the river. On the contrary, the city should try every means to protect the water quality of the upper reaches of the Yangtze River to make the water so clear that it is suitable for brewing good wine. In this way, the middle and lower reaches of the Yangtze River and the entire watershed will be benefited.

—— On June 8, 2022, General Secretary Xi Jinping pointed out during his inspection in Yibin

INVESTMENT GUIDE

PART.01

宜宾概况

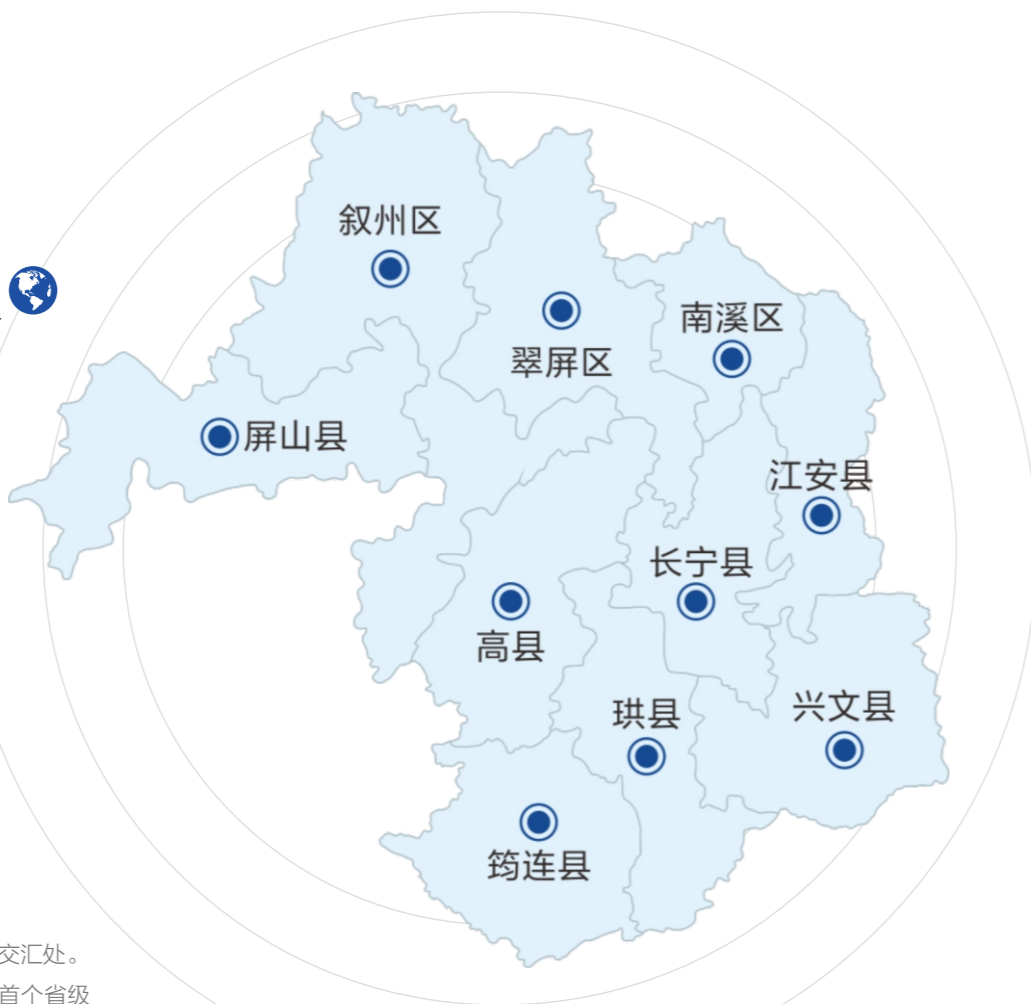

YIBIN OVERVIEW

总面积 **13283** 平方公里

总人口 **550.6** 万

全市辖 **3** 区 **7** 县

OVERVIEW
市情介绍

宜宾地处川滇黔三省接合部，金沙江、岷江、长江三江交汇处。全市辖3区7县、一个国家级经开区——临港经开区和全省首个省级新区——三江新区、一个省级高新技术园区——宜宾市高新技术产业园，总面积13283平方公里，总人口550.6万，是“万里长江第一城”“中国酒都”“中国竹都”“中国动力电池之都”。

Yibin is located on the junction of Sichuan, Yunnan and Guizhou, and of Jinsha River, Minjiang River and Yangtze River. Yibin is in charge of 3 districts and 7 counties, 1 national economic development zone (Lingang Economic Development Zone) and the 1st provincial new area in Sichuan (Sanjiang New Area), 1 provincial hi-tech park (Yibin Hi-tech Industrial Park). Bearing a population of 55.06 million on a total area of 13,283km², Yibin is known as the “1st City on the Long Yangtze River”, “China City of Liquor” and “China City of Bamboo”.

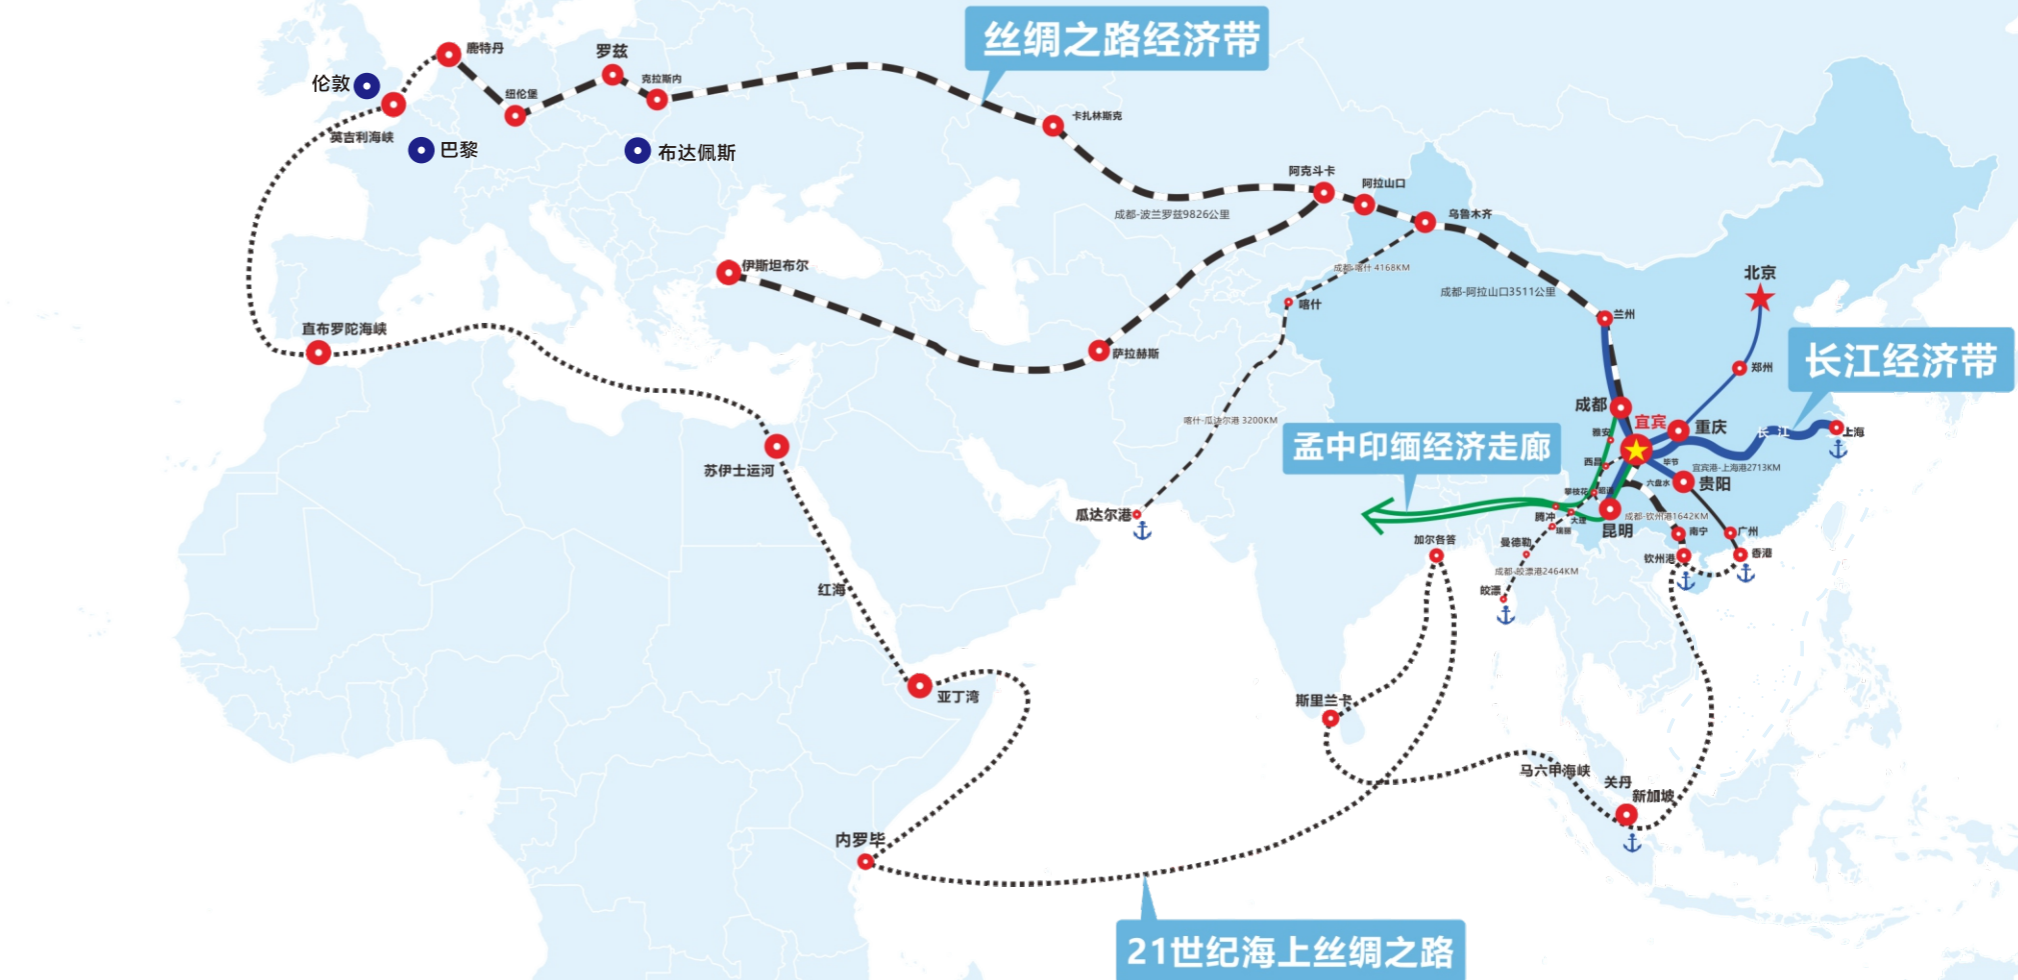

STRATEGIC LOCATION 战略地位

宜宾地处“一带一路”、长江经济带，是成渝贵昆四大城市“X”交汇点，是国家确定的“成渝城市群沿江城市带区域中心城市”、“80个全国性综合交通枢纽之一”、“全国50个铁路枢纽之一”；四川省委省政府支持宜宾建设长江上游区域中心城市、四川南向开放枢纽门户、南亚东南亚和一带一路国家留学生基地，拥有辐射吸纳3省8市3700万人的优势。

Yibin lies on the “Belt & Road” and the Yangtze River Economic Belt, and the “X” convergence of Chengdu, Chongqing, Guiyang and Kunming. It is the “regional center of Chengdu-Chongqing city belt along the Yangtze River”, “one of the national 80 comprehensive transport hubs”, “one of the national 50 railway transport hubs”; With supports from CPC Sichuan provincial committee and provincial government, Yibin is growing to a central city in the upstream region of the Yangtze River, southward open hub and gateway of Sichuan, and national international student base of South Asia, Southeast Asia and the “Belt & Road”. Yibin also has the strength of influencing and absorbing 37 million residents from 8 cities of Sichuan, Yunnan and Guizhou.

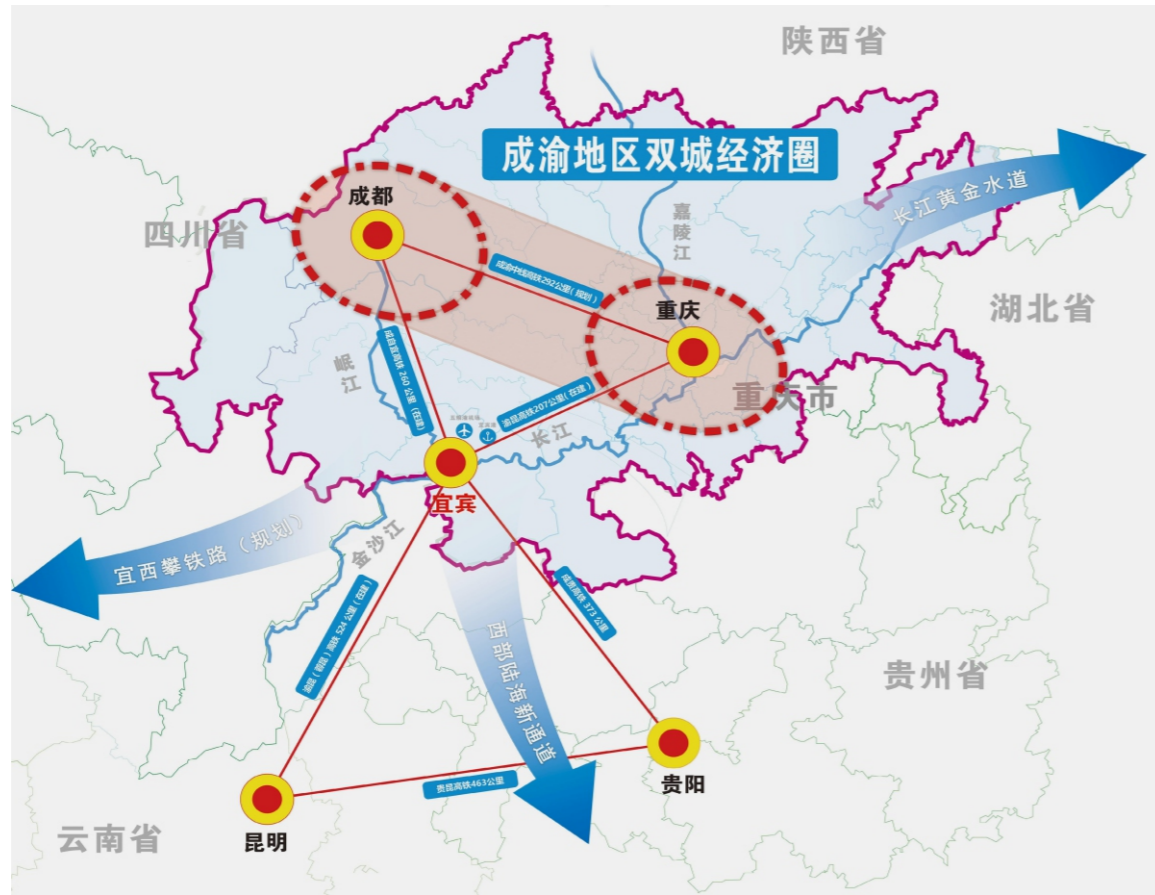

-  80个全国性综合交通枢纽之一
-  全国50个铁路枢纽之一
-  拥有辐射吸纳3省8市3700万人的优势

DEVELOPMENT PATTERN
发展格局

坚持一盘棋思想，树立一体化理念，深入推进区域协调发展，促进比较优势向竞争优势转化，加快构建“强核成圈、两带协同、多极支撑”发展格局，推动成渝地区双城经济圈南翼跨越发展，把宜宾打造成为成渝地区经济腹地的核心增长极。

We insist on overall planning, form integration concept, further promote the regional coordinated development, promote the transformation of comparative strength to competitive strength, accelerate the formation of a development pattern with “reinforced core to build circles, coordination of two belts and multi-pole support”, push forward the leap-forward development of the south ring of Chengdu-Chongqing twin-city economic circle and construct Yibin into a core growth pole of the Chengdu-Chongqing economic hinterland.

FACILITATED TRANSPORT
便利交通

西南地区除省会城市以外综合交通优势最为凸显的城市，完备的铁公水空立体交通体系，逐步融入成渝90分钟通勤圈，昆明贵阳120分钟通勤圈。

In terms of comprehensive transport, Yibin overmtches other cities in the southwester China except for provincial capitals thanks to a perfect railway-highway-waterway-aviation transport system. It is gradually integating into the 90min Chengdu-Chongqing commuter circle and the 120min Kunming-Guiyang commuter circle.

水运 | WATERWAY

宜宾港是长江干支中转港口和全国内河主要港口，全市通航里程963.3km，有1000吨级以上泊位9个，已建成国家临时开放口岸、进境粮食指定口岸。

Yibin Port is a transhipment port of the main and branch streams of the Yangtze River and a major port of inland rivers in China. With navigation mileage of 963.3km and 9 berths above the 1000-tonnage grade, Yibin has grown into a national temporarily open port and a designated imported grain port.

公路 | HIGHWAY

12条高速，国家“八纵八横”之京昆、兰广在宜交汇，全长157km的成宜高速建成通车；全市高速公路通车里程达505公里，绕城高速公路全面建成，实现“县县通高速”，“十四五”期间规划建设“一环十射四联高速公路网”。

12 expressways pass through Yibin while Beijing-Kunming Expressway and Lanzhou-Guangzhou Expressway, as a part of the “eight vertical and eight horizontal railway system” of China, converge in Yibin while the 157km Chengdu-Yibin Expressway is completed and open to traffic; the traffic mileage of all expressways in the city is 505km. The construction of the belt expressway realizes the “accessibility of all counties” in this city. The goal during the “14” five-year plan” is to construct an “expressway network of 1 beltway, 10 radial roads and 4 connection roads.”

铁路 | RAILWAY

规划建设有11条铁路，成贵高铁全线通车，北至西安、兰州，南至北部湾，西至贵阳，东至上海、杭州，形成通往珠三角、长三角的快速客运通道；川南城际高铁预计2023年通车，渝昆高铁预计2025年通车。

11 railways are planned for construction. Chengdu-Guiyang High-speed Rail is fully open to traffic. A passenger dedicated line of the Pearl River Delta and the Yangtze River Delta from Xi'an and Lanzhou in the north to Beibu Gulf in the south, from Guiyang in the west to Shanghai and Hangzhou in the east. South Sichuan Intercity High-speed Rail and Chongqing-Kunming High-speed Rail will be opened to traffic in 2023 and 2025 respectively.

航空 | NAVIGATION

宜宾五粮液机场累计通航35个城市，开通42条航线，将加快打造川渝滇黔结合部区域航空枢纽。

Accumulatively, Yibin Wuliangye Airport has opened 42 routes to 35 cities and will accelerate the construction of a regional navigation hub at the junction of Sichuan, Chongqing, Yunnan and Guizhou.

部分城市航班示意图
Flight Diagram for Some of the Cities

ECOLOGIC QUALITY
生态质量

宜宾是中国优秀旅游城市、中国最佳文化生态旅游城市、四川新五大精品旅游区之一，加快建设长江生态第一城。全市森林覆盖率49.92%，是长江上游生态屏障的重要支撑，投资312亿元对232公里的三江生态实施综合治理。全市有蜀南竹海、世界地质公园兴文石海等国家级、省级风景名胜34处。

While accelerating the pace of constructing the 1st ecological city on the Yangtze River, Yibin is already known as China Excellent Tourist City, China Ideal City for Cultural and Ecological Sightseeing and one of the new 5 boutique attractions in Sichuan. With forest coverage of 49.92%, Yibin functions as an important support to the upstream ecologic barrier of the Yangtze River and has invested RMB 31.2 billion for comprehensive ecologic management of the three rivers (232km). The city also bears 34 national and provincial scenic spots like Shunan Bamboo Sea and Xingwen Sea of Rocks (a national geopark).

YIBIN INVESTMENT GUIDE

PART.02 宜宾优势

STRENGTHS OF YIBIN

ECONOMIC FOUNDATION 经济基础

2016年以来，深入实施“产业发展双轮驱动”战略，做大做强传统优势产业，动力电池、电子信息、汽车、轨道交通等新兴产业强势崛起。2022年，全市实现地区生产总值3427.8亿元、增长4.5%，总量、增速均居全省第3位；全社会固定资产投资近2100亿元、增长10.2%；规上工业总产值近4000亿元，规上工业增加值增长7.5%；服务业增加值1308.7亿元、增长3.9%，总量居全省第3位，增速居全省第4位；外贸进出口总额316.9亿元、增长33.7%，总量跃居全省第2位；一般公共预算收入275.8亿元、增长9.8%，总量居全省第2位；全口径税收还原留抵退税后达553.3亿元、增长13.4%，各项主要经济指标增速继续保持全省前列。

Since 2016, Yibin has been implementing the strategy of “two-wheel drive for industrial development” to strengthen and expand traditional advantageous industries while emerging industries such as power battery, electronic information, automobile and rail transit are growing. In 2022, its regional GDP was RMB 342.78 billion with a growth of 4.5% ; the general public budget revenue was RMB 27.58 billion with a growth of 9.8% ; the growth rate of added value to large-scale industries was 7.5% and the total added value of industries was RMB 400 billion.

OPEN PLATFORM 开放平台

宜宾有临港国家级经开区和8个省级经开区、1个省级高新区，即将建成国家高新区；三江新区是四川省首个省级新区；获批国家综合保税区，建成国家临时开放口岸、进境粮食指定口岸；中国（四川）自贸区宜宾协同区挂牌运营；正加快建设空港、水运和铁路口岸。

In addition to the national hi-tech zone to be completed, Yibin also benefits from the Lingang National Economic Development Zone and 8 provincial economic development zones and 1 provincial hi-tech zone; Sanjiang New Area is the 1st provincial new Area of Sichuan Province; Yibin is approved as a national comprehensive free trade zone, national temporarily open port and designated port of imported grain; Yibin Cordination Zone of China (Sichuan) Free Trade Zone has been officially established and put into operation while Yibin is accelerating the pace to construct the airport, waterway and railway ports.

BUSINESS ENVIRONMENT 营商环境

宜宾出台了支持电子信息、汽车、轨道交通、新材料等产业发展的若干政策，在企业落户、生产经营、技术创新等方面给予扶持，可享受向家坝水电站国家留存电价、税收分成等政策；组建总规模200亿元的新兴产业投资基金，有金融机构、地方金融组织、上市公司及私募投资机构127家；确立“终身保姆式、贴身管家式、私人定制式”服务理念。

The government of Yibin has issued some policies to support the development of electronic information, automobile, rail transit, and new materials as well as enterprise settlement, production and operation, and technological innovation, including the national reserved electricity rate for Xiangjiaba Hydropower Station and tax sharing, etc. An emerging industry investment fund of RMB 20 billion has been incorporated with 127 financial institutions, local financial organizations, listed companies and private investment funds; the service concept of “lifelong butler, personal butler and private tailoring” has been established.

SCIENTIFIC AND TECHNOLOGICAL SUPPORT 科教支撑

宜宾是全国首批、西南唯一国家产教融合试点城市，全省唯一“学教研产城”一体化试验区，已与21所高校签订战略合作协议，目前在宜办学高校达12所，在宜大学生10万余人，正加快建设南亚、东南亚和“一带一路”国家留学生基地。

宜宾大力推进科创城、“双创”园区建设，引入欧阳明高、邓中翰等院士(专家)工作站7个、产研院13所，建成省级以上创新创业平台137个，科技创新能力居全省第3位。

Yibin is the only national pilot city of industry and education integration in the southwestern area listed in the 1st batch of China and the only test site of integration of study, education, research, industry and city in Sichuan province; it has concluded strategic cooperation agreement with 21 universities. At present, there are 12 colleges and universities with 100,000 students in Yibin. It is also accelerating the construction of the National International Student Base of South Asia, Southeast Asia and the “Belt & Road”.

Furthermore, Yibin is sparing no effort to advance the construction of “scientific innovation city” and the “startup and innovation” park. It has introduced 7 academician (expert) work stations (examples of Ouyang Minggao and Deng Zhonghan) and 12 industrial research institutes, and constructed 137 provincial innovation and startup platforms. Yibin ranks the 3rd in Sichuan for scientific and technological innovation capacity.

动力电池产业 POWER BATTERY INDUSTRY

宜宾坚定推行绿色低碳发展，围绕动力电池龙头企业，集聚了正负极材料、铜铝箔、隔膜等6大组件和回收利用项目超124个，投资额超2800亿元，全部建成投产后产值近6000亿元，可实现磷酸铁锂正极材料68万吨、三元正极材料10万吨、隔膜36亿平方米、电池325GWH的产能。2022年销售动力电池72GWh，占全省86.7%、占全国15.5%，预计今年全产业链产值将突破1200亿元。

Yibin firmly promotes green and low-carbon development, focusing on leading enterprises in power batteries. It has gathered over 124 components and recycling projects, including positive and negative electrode materials, copper aluminum foil, and separators, with an investment of over 280 billion yuan. After all are completed and put into operation, the output value is nearly 600 billion yuan. It can achieve a production capacity of 680000 tons of lithium iron phosphate positive electrode materials, 100000 tons of ternary positive electrode materials, 3.6 billion square meters of separators, and 325GWH of batteries. In 2022, 72GWh of power batteries were sold, accounting for 86.7% of the province and 15.5% of the country. It is expected that the total industrial chain output value will exceed 120 billion yuan this year.

汽车产业 AUTOMOBILE INDUSTRY

宜宾是四川省首家具备轿车、SUV、MPV车型，同时具备燃油和新能源汽车生产资质的城市，已经形成了三江新区临港经开区（整车及核心零部件）、翠屏区长江工业园（机电控设备及电子元器件）、叙州区高捷园（汽车零部件）为承载主体的新能源汽车产业链体系。宜宾还建有四川新能源汽车创新中心（欧阳明高院士工作站）、同济汽车研究院、凯翼汽车研究院等研发机构。

引进四川省唯一拥有轿车、SUV、MPV三大类乘用车生产资质的整车生产企业凯翼汽车，在全省率先推广“电动宜宾”应用示范，打造换电重卡、智轨交通等十大新应用场景。

Yibin is the first city qualified for the production of sedan, SUV and MPV, oil-fueled automotive and NEVs in Sichuan province. Its NEV industry chain system is based on the Sanjiang New Area Lingang Economic Development Zone (complete vehicle and core spare parts), the Yangtze River Industrial Park in Cuiping District (motor and electrically controlled equipment, and electronic components), and Gaojie Park in Xuzhou District (automobile spare parts). Yibin has also set up research and development institutions of Sichuan NEV Innovation Center (Ouyang Minggao Academician Workstation), Tongji University Automotive Institute, Cowin Automotive Institute, etc.

Introduce Kaiyi Automobile, the only complete vehicle production enterprise in Sichuan Province with the qualifications for producing sedans, SUVs, and MPVs, and take the lead in promoting the application demonstration of "Electric Yibin" in the province, creating ten new application scenarios such as battery swapping heavy trucks and intelligent rail transit.

晶硅光伏产业 CRYSTAL SILICON PHOTOVOLTAIC INDUSTRY

2022年以来，我市抢抓新能源产业发展“风口期”和太阳能电池技术迭代“窗口期”，签约落地光伏项目22个，其中广东高景、英发睿能等8个项目单个投资超100亿元，全部建成投产后可实现10万吨硅料、90GW拉晶、80GW切片、104GW太阳能电池的产能。

大力进军光伏产业新赛道，光伏产业从无到有，快速崛起，有力支撑全市工业经济高质量发展。

Since 2022, our city has seized the "wind period" of the development of the new energy industry and the "window period" of solar cell technology iteration, signing and landing 22 photovoltaic projects, including 8 projects such as Guangdong Gaojing and Yingfa Ruineng with a single investment of over 10 billion yuan. After all of them are completed and put into operation, they can achieve a production capacity of 100000 tons of silicon material, 90GW of crystal pulling, 80GW of slicing, and 104GW of solar cells.

Vigorously advancing into the new track of the photovoltaic industry, the photovoltaic industry has risen rapidly from scratch, effectively supporting the high-quality development of the city's industrial economy.

数字经济产业（智能终端、信息服务） Digital economy industry (intelligent terminals, information services)

2022年，我市数字经济规上企业实现营收587亿元。

智能终端方面：重点聚焦新型物联网终端、能源电子、汽车电子、新型显示、电子专用材料等领域，全力招大引强、建圈强链、提质倍增，打造成渝地区电子信息先进制造集群协作配套区。

信息技术服务业方面：重点聚焦数字文创(包括动漫、游戏、网络视听)、平台经济(包括电商、直播、文娱)、软件信息服务(包括数据标注《图片、文本、音频、视频》、软件服务)3个赛道前沿领域重点发力，营造信息技术服务业良好生态。

落户大华、中软国际等信息服务业企业，集聚极米、康佳等150多户智能终端企业，着力构建“整机+物联网+配套服务”的数字经济生态。

In 2022, the city's digital economy output value reached 46.8 billion yuan, ranking third in the province.

In terms of intelligent terminals, we will focus on the fields of new Internet of Things terminals, energy electronics, automotive electronics, new displays, and electronic specialized materials, and make every effort to attract large and strong players, build strong chains in the industry, and increase quality. We will create a collaborative supporting area for advanced electronic information manufacturing clusters in the Chengdu Chongqing region.

Information technology service industry: focus on digital cultural innovation (including animation, games, online audio-visual), Platform economy (including e-commerce, live broadcast, entertainment), and software information services (including data labeling "Pictures, Text, Audio, Video", and software services) to create a good ecosystem of information technology service industry.

Settled in information service enterprises such as Dahua and China Soft International, gathered over 150 intelligent terminal enterprises such as Jimi and Konka, and focused on building a digital economy ecosystem of "complete machine+Internet of Things+supporting services".

现代农业“5+2”产业 “5+2” modern agriculture industry

全力构建现代农业“5+2”产业体系，宜宾已创建国家和省级特色农产品优势区7个，有市级及以上农业产业化重点龙头企业281家，2022年，全市农林牧渔业总产值646.22亿元，同比增长4.5%。

With no reservation to build the “5+2” industry system for modern agriculture, Yibin has created 7 national and provincial advantageous zones of characteristic agricultural products, and 281 key leading enterprises for agricultural industrialization at or above the municipal level. In 2021, the total output from agriculture, forestry, animal husbandry and fishery was RMB 64.622 billion after a year-on-year growth of 4.5%.

三江新区

基本概况 OVERVIEW

宜宾三江新区2020年2月18日由省政府批复设立，是四川省首个省级新区，规划面积389平方公里，辖翠屏区白沙湾街道、沙坪街道、双城街道、宋家镇和南溪区罗龙街道、江南镇6个街道(镇)，2021年末户籍人口24.6万人、常住人口32万人。省委、省政府赋予了三江新区“长江上游绿色发展示范区、创新型现代产业发展集聚区、国家产教融合建设示范区和四川南向开放合作先行区”的定位，明确了探索区域协同发展、城市转型发展、产教城融合发展及开放型经济发展4项任务；市第六次党代会把三江新区作为“宜宾培育竞争新优势、抢占未来发展制高点的核心引擎”，对三江新区提出了“2026年地区生产总值突破2000亿元，创建为长江上游沿江第三个国家级新区”的发展目标，并明确了加快建设“长江上游绿色发展示范区、创新型现代产业示范区、国家产教融合示范区、开放合作示范区和共同富裕示范区”的任务。

Yibin Sanjiang New Area was approved and established by the provincial government on February 18, 2020. It is the first provincial-level new area in Sichuan Province, with a planned area of 389 square kilometers. It governs six streets (towns) in Cuiping District, including Baishavan Street, Shaping Street, Shuangcheng Street, Songjia Town, Luolong Street, Nanxi District, and Jiangnan Town. By the end of 2021, the registered residence is 246000, and the permanent population is 320000. The Provincial Party Committee and the Provincial People's Government have given Sanjiang New Area the positioning of "Demonstration Area of Green Development in the Upper Reaches of the Yangtze River, Cluster Area of Innovative Modern Industrial Development, National Demonstration Area of Integrated Industry and Education Construction and Pioneer Area of Sichuan's Opening up and Cooperation to the South", and defined four tasks of exploring regional coordinated development, urban transformation and development, integrated industry and education city development, and Open economy development; The sixth party congress of the city took Sanjiang New Area as the "core engine for Yibin to cultivate new competitive advantages and seize the commanding heights of future development", and put forward the development goal of "breaking through 200 billion yuan in Gross regional product in 2026, and creating the third State-level New Area along the upper reaches of the Yangtze River", The task of accelerating the construction of "Demonstration Area for Green Development in the Upper Reaches of the Yangtze River, Demonstration Area for Innovative Modern Industry, Demonst

YIBIN HI-TECH INDUSTRIAL PARK 宜宾高新技术产业园区

宜宾高新技术产业园区幅员面积157平方公里，构建以晶硅光伏为主导，智能制造、新材料、食品饮料为支撑的“1+3”产业体系，规划建设10000亩光伏产业园，围绕从拉棒、切片、电池到组件布局光伏主产业链，力争到2026年打造成为2600亿元的产业集群，其中：晶硅光伏产业集群产值突破2000亿元。到2027年，工业产值2400亿元，其中光伏产业产值2200亿元。

With an area of 157 square kilometers, Yibin High-Tech Industrial Park constructs a "1+3" industrial system led by photovoltaic industry and supported by intelligent manufacturing, new materials and food and beverage. From monocrystalline-silicon-sticks, wafers, cells to photovoltaic modules, the park plans to build a 10,000-acre photovoltaic industrial park focusing on the main photovoltaic industry chain. It strives to become an industry cluster of 260 billion yuan in output value by 2026, of which, photovoltaic industry cluster is going to exceed 200 billion yuan. By 2027, the industrial output value will be 240 billion yuan, of which 220 billion yuan will be produced by the photovoltaic industry.

规划面积
26 平方公里

LINGANG ECONOMIC AND TECHNOLOGICAL DEVELOPMENT ZONE 临港经济技术开发区

宜宾临港经济技术开发区成立于2009年12月，规划面积283平方公里，宁德时代、康佳、苏格、朵唯、极米、领歌、中车、凯翼等强势入驻，在全国217家国家级经开区中，综合评价排名第31位，四川省内排名第2位。

Founded in December 2009 with a planned area of 283km², Yibin Lingang Economic and Technological Development Zone has attracted giants such as CATL, KONKA, Suge, DOOV, Xgimi, LEAGOO, CRRC and COWIN, and for comprehensive assessment ranks the 31st amongst the 217 national economic zones and the 2nd in Sichuan.

规划面积
283 平方公里

综合评价排名
31 位

CUIPING DISTRICT INDUSTRIAL PARK 翠屏区工业园区

翠屏区工业园区规划总面积61平方公里，按“一区四园”布局(翠屏区工业园区管理委员会、四川长江工业园区、双谊产业园、白花产业园、象鼻产业园)。目前，已入驻企业122户，其中“四上”规模企业76户、国家高新技术企业8户。

Cuiping District Industiral Park is assigned with a total planned area of 61km² and arraged according to the “one district and four parks” (Cuiping District Management Committee of Industrial Park, Sichuan Yangtze Industrial Park, Shuangyi Industrial Park, Baihua Industrial Park and Xiangbi Industrial Park). At present, 122 enterpries have settled down in the park, including 76 large-scale industrial enterprises, construction enterprises with qualifaions, wholeale/retailing catering enterriess above the limited quotation, and large-scale service enterriess, as well as 8 national hi-tech enterprises.

WULIANGYE INDUSTRIAL PARK 五粮液产业园区

五粮液产业园区规划面积18平方公里，是以酿酒生产为主导产业，集特色生态、文化体验、工业旅游于一体的国际一流化产业园区。

With a planned area of 18km², Wuliangye Industrial Park selects liquorbrvring as its leading industry and is an international first-rate industrial park providing caracrtistic ecology, cultural experience and industrial tourism.

SICHUAN YIBIN NANXI ECONOMIC DEVELOPMENT ZONE 四川宜宾南溪经济开发区

四川宜宾南溪经济开发区成立于2007年，宜宾唯一市区共建共管工业园，已形成“一区两园”（罗龙产业园、九龙产业园）发展格局，建成区面积10.9平方公里，先后引进了劲牌酒业、宜宾纸业、国药集团宜宾制药等319家企业。正积极打造千亿级产业园区，争创国家级经开区。

Sichuan Yibin Nanxi Economic Development Zone was founded in 2007 as the only industrial park constructed and managed by the municipal and district governments together in Yibin. It has formed the development pattern of "one district and two parks" (Luolong Industrial Park, Jiulong Industrial Park) with a built-up area of 10.9km². In succession, 319 enterprises have been introduced to the economic development zone, including Jing Brand Company, Yibin Paper Industry, Sinopharm Yibin Pharmaceuticals. At present, it is making active efforts to become a 100-billion industrial park and a national economic development zone.

建成区面积
10.9 平方公里

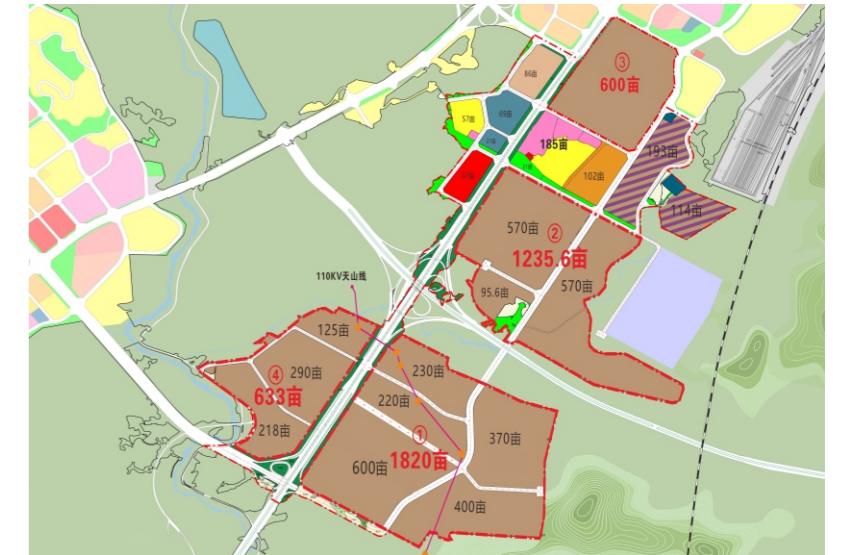

引进企业
319 家

YIBIN ENERGY STORAGE INDUSTRIAL PARK 宜宾储能产业园

叙州新区储能产业园原属于南部新区普和组团规划控制范围，2022年宜宾高新技术产业园区实行封闭独立运行后，区委区政府召集区级相关部门认真分析评估叙州工业园区现状后，为了加快叙州区工业快速发展，于2022年8月决定将南部新区普和组团位于赵场街道牛洗村约3.89平方公里范围作为叙州产业园区，市自然资源和规划局叙州区分局牵头开展城市设计、产业规划及控制性详细规划，2023年6月，第二届世界动力电池大会在宜宾召开，市委市政府决策将叙州新区产业区调整产业方向，重点发展宜宾储能产业项目。宜宾储能产业园占地面积约3.89平方公里，其中规划约M0用地257亩，M1用地328亩，M用地3408亩，其他用地1845亩（合计5838亩）。

Xuzhou new area energy storage industrial park originally belonged to the southern new area Puhe group planning control range, 2022 Yibin high-tech industrial park after the implementation of closed and independent operation, district government convened the relevant departments at the district level to carefully analyze and assess the status quo of Xuzhou industrial park, in order to accelerate the rapid development of industry in the Xuzhou district, in August 2022, decided to the southern new area Puhe group is located in the street of Zhaochang Niu washed the village of about 3.89 Square kilometers range as the Xuzhou Industrial Park, the city Natural Resources and Planning Bureau Xuzhou District Branch led the urban design, industrial planning and control detailed planning, in June 2023, the second World Power Battery Conference was held in Yibin, the municipal party committee and the municipal government decided to adjust the industrial direction of the new industrial zone in Xuzhou, focusing on the development of the Yibin energy storage industry project. Yibin Energy Storage Industrial Park covers an area of about 3.89 square kilometers, of which about 257 acres of M0 land is planned, 328 acres of M1 land, 3,408 acres of M land, and 1,845 acres of other land (totaling 5,838 acres).

规划面积
3.89 平方公里

SICHUAN CHANGNING ECONOMIC DEVELOPMENT ZONE 四川长宁经济开发区

四川长宁经济开发区成立于2008年，前身为长宁县工业园区，主要规划建设古河“竹·盐”特色资源循环经济产业园、开佛酒类绿色食品加工产业园、宋家坝竹木精深加工产业园、双河竹食品精深加工产业园。2019年1月，省政府批准设立“四川长宁经济开发区”，核准面积2.01平方公里，被列为省级新型工业化产业示范基地，是宜宾市“两化”互动示范区、重点推进产业园区。

目前正在开展规划调整，按照“一心两园”（宋家坝核心区、南部竹食品产业园和北部综合产业园）总体布局，主要建设以绿色生态工业为特色的循环经济示范园区，重点打造国家级竹产业引领三产融合开发区，全国竹木产品精深加工示范基地，四川省绿色食品加工示范基地、智能终端及装备制造基地、新材料制造基地，开发边界拟达到12平方公里。

Founded in 2008 as the successor of Changning County Industrial Park, Sichuan Changning Economic Development Zone consists of Guhe “Bamboo · Salt” Characteristic Resource Circular Industrial Park, Kaifo Wine and Green Food Processing Industrial Park, Songjiaba Bamboo Deep Processing Industrial Park, and Shuanghezhu Food Deep Processing Industrial Park according to planning. In January 2019, “Sichuan Changning Economic Development Zone” was set up on an approved area of 2.01km² with approval from the provincial government, listed as a provincial new industrialization model base and recognized as the model park of “urbanization and industrialization” interaction and the key promotion industrial park.

At present, the park is adjusting its planning according to the overall layout of “one center and two parks” (Songjiaba Core Zone, Nanbu Bamboo Food Industrial Park and Beibu Comprehensive Industrial Park). It will focus on the circular economy model park characterized by green ecology industry and emphasize the national integrated development zone of three industries guided by the bamboo industry, national bamboo product deep processing model base, Sichuan green food processing model base, intelligent terminal and equipment manufacturing base and new material manufacturing base. The development area may reach 12km².

SICHUAN JIANG'AN ECONOMIC DEVELOPMENT ZONE 四川江安经济开发区

四川江安经济开发区始建于2005年，2018年列入《中国开发区审核公告目录（2018年版）》，设立面积为446.99公顷。截至2021年12月底，园区已入驻企业136家，其中规上工业企业74家。江安经开区作为全省打造千亿锂电产业集群的重要承载地，积极构建以新能源、先进材料、绿色食品为主导的产业发展新格局，正在加快建设锂电材料产业集群，全力打造“西部锂电材料制造基地”。

Founded in 2005, Sichuan Jiang'an Economic Development Zone was listed in Catalogue of China Development Zone Audit Announcement (2018 Edition) in 2018 with set area of 446.99 ha. By the end of December 2021, 136 enterprises have migrated to the park, including 74 large-scale industrial companies. As an important carrier of the 100-billion lithium battery industry cluster of Sichuan Province, Jiang'an Economic Development Zone is actively structuring a new industrial development pattern dominated by new energy, advanced materials and green food, accelerating the construction of the lithium battery material industry cluster and making all possible efforts to build the “Western Lithium Battery Material Manufacturing Base”.

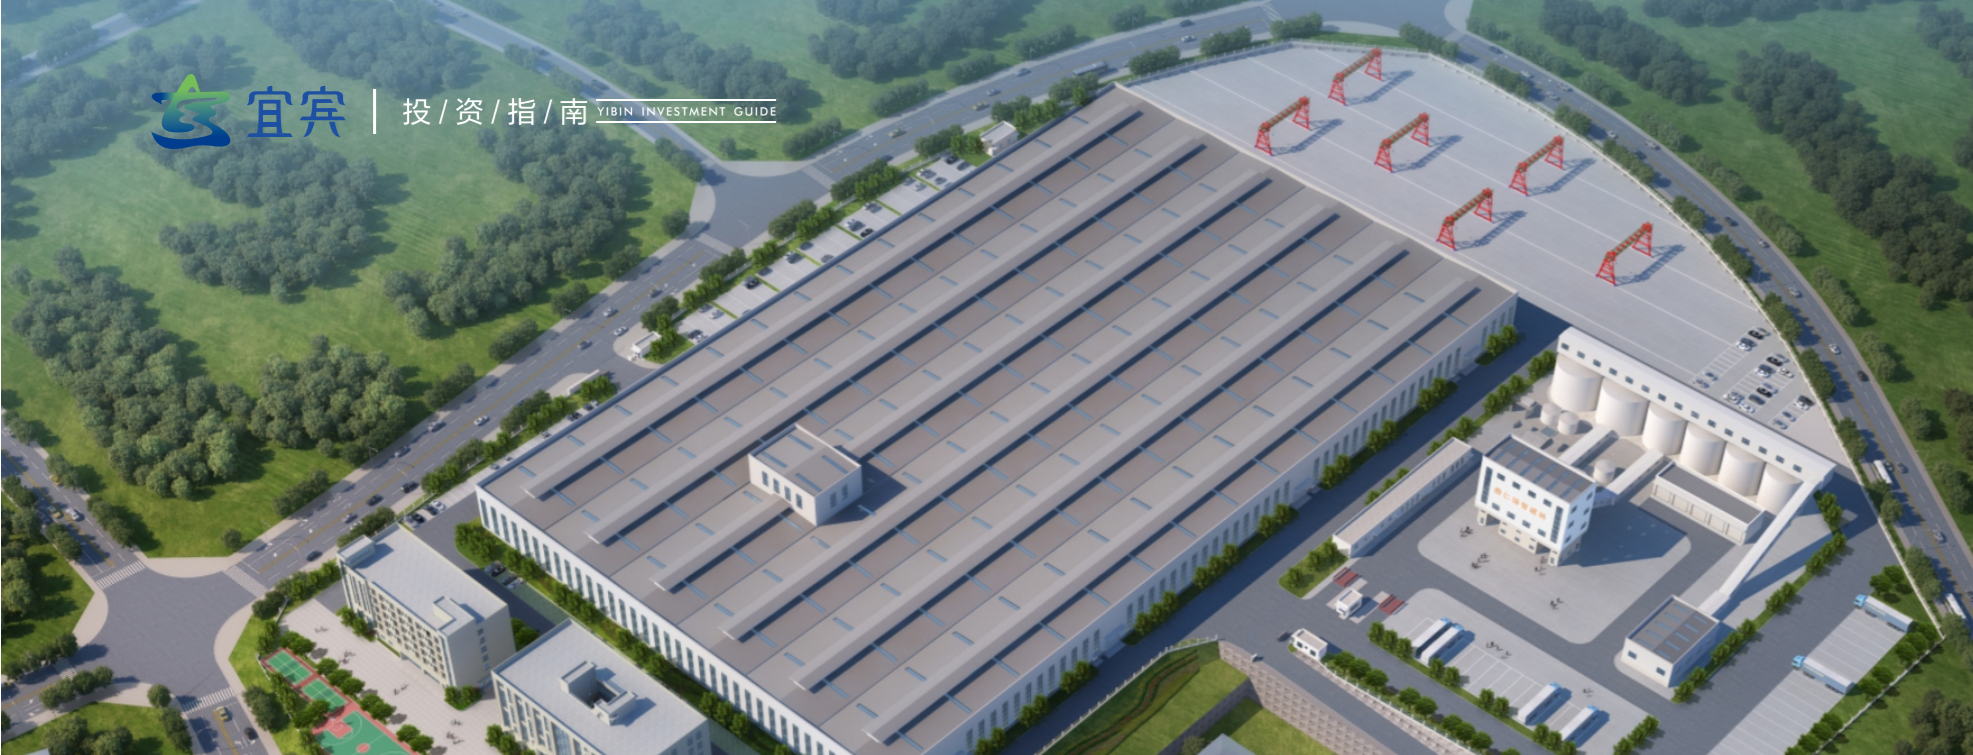

设立面积
446.99公顷

入驻企业
136家

核准面积
2.01平方公里

开发边界拟达到
12平方公里

SICHUAN JUNLIAN ECONOMIC DEVELOPMENT ZONE 四川筠连经济开发区

四川筠连经济开发区始建于2007年，于2018年9月获批省级经济开发区，规划面积为12.34平方公里，核准面积为2.27平方公里，分为海瀛和巡司两个功能区，是宜宾市确定的“两点一走廊”经济园区发展格局中重要组成部分；将建设成为发展优势特色产业集中区、吸引投资的集聚区、创新发展的先导区和循环经济示范区。

Founded in 2007, Sichuan Junlian Economic Development Zone was approved to be a provincial economic development zone in September 2018 with a planned area of 12.34km² and an approved area of 2.27km². The zone is further divided into two functional zones of Haiying and Xunsi as an important part of the “Two Points and One Corridor” economic park development layout of Yibin City; it will be constructed to centralization zone developing advantageous and characteristic industries a gathering zone attracting investment, leading zone of innovative development and model zone of circular economy.

规划面积
12.34 平方公里

核准面积
2.27 平方公里

SICHUAN GAOXIAN ECONOMIC DEVELOPMENT ZONE 四川高县经济开发区

四川高县经济开发区规划总面积23.07平方公里，园区采用“一园三区”（福溪功能区、庆符功能区和贾村功能区）的布局模式，是川南产业承接基地、能源转化基地，是宜宾市重点打造的产业园区、四川省重点培育的百亿工业集中区。

With a planned area of 23.07km², Sichuan Gaoxian Economic Development Zone adopts the layout model of “one park and three zones” (Fuxi Functional Zone, Qingfu Functional Zone and Jiacun Functional Zone). It is the South Sichuan Industrial Carrying Base and Energy Conversion Base. Yibin City emphasizes its construction as an industrial park and Sichuan Provincial Government is paying extraordinary attention to its cultivation as a 10-billion industrial centralization zone.

规划总面积
23.07 平方公里

SICHUAN GONGXIAN ECONOMIC DEVELOPMENT ZONE 四川珙县经济开发区

四川珙县经济开发区规划面积9.11平方公里，以综合能源、绿色建材、涉电镀产业(节能环保)、涉动力电池配套产业为主导产业。2018年8月获批四川省“绿色建材”特色产业基地，2019年1月经省政府批准为省级经开区，2021年列入四川省“5+1”重点特色园区培育发展三年行动计划名单。

With planned area of 9.11km², Sichuan Gongxian Economic Development Zone is dominated by comprehensive energy, green building materials, electroplating related industry (energy conservation and environmental protection) and power battery related supporting industry. In August 2018, the development zone was approved as Sichuan Provincial "green building materials" characteristic industrial base and provincial economic development zone by the provincial government in January 2019 and listed in the 3-year action plan list of Sichuan province "5+1" key characteristic park cultivation and development in 2021.

规划面积
9.11平方公里

SICHUAN XINGWEN ECONOMIC DEVELOPMENT ZONE 四川兴文经济开发区

四川兴文经济开发区总体规划面积22.28平方公里，其中核心区域6.57平方公里，目前，建成区域2.83平方公里。项目承载能力及配套服务功能明显提升，入驻企业发展态势良好。

Sichuan Xingwen Economic Development Zone has an overall planned area of 22.28km², including the core area of 6.57km². At present, the built-up area is 2.83km². The project's carrying capacity and supporting service capacity are significantly promoted, and enterprises in the zone develop well.

规划面积
22.28平方公里

核心区域
6.57平方公里

建成区域
2.83平方公里

SICHUAN PINGSHAN ECONOMIC DEVELOPMENT ZONE

四川屏山经济开发区

四川屏山经济开发区总规划面积11.5平方公里，分设石盘、宋家坝、王场三个产业功能区，是四川省生物基纺织特色产业基地、全国纺织产业转移示范园区、浙川纺织产业协作示范园区、国家火炬生物基纺织特色产业基地。已入驻恒丰、浪莎、天之华等知名企业70余家；园区交通便利，产业配套，要素成本低廉，工业用电享受0.37-0.42元/千瓦时的“扶持电价”特殊政策。

With an overall planned area of 11.5km², Sichuan Pingshan Economic Development Zone is divided into three industrial functional zones, i.e., Shipan, Songjiaba and Wangchang. Its titles include Sichuan Biobased Texture Characteristic Industrial Base, National Texture Industry Transfer Model Base, Zhejiang-Sichuan Texture Industry Coordination Model Park, and National Torch Biobased Texture Characteristic Industrial Base. Over 70 famous enterprises have settled down in the zone, including HengFeng, Langsha and Tianzhihua. The park benefits from facilitated transport conditions, supporting services and low element cost, and enjoys the special policy of "discounted electricity rate" of RMB 0.37 to 0.42/kW · h for Industrial consumption.

规划面积 **11.5** 平方公里
已入驻企业 **70** 余家

产业布局定位目录

宜宾市产业园区（经开区、高新区、工业园区）

区县	园区名称	主导产业	重点领域
三江新区	宜宾临港经济技术开发区	电子信息	核心元器件、智能终端、应用软件
		高端装备制造	新能源汽车、新能源汽车核心零部件、智轨、智能设备等及其核心零部件
		新材料	锂先进材料、新型磁性材料、高端金属结构材料、半导体材料
		动力电池及配套	电芯及核心配套
高新区	宜宾高新技术产业园区	光伏产业	光伏硅棒、硅片、电池片、组件主环节及配套产业
		智能制造	汽车零部件等智能制造产业
		新材料	核燃料及组件新材料
		食品饮料	白酒啤酒肉制品等食品饮料
翠屏区	五粮液产业园区	白酒食品	名优白酒、特色食品
	翠屏区工业园	电子信息	关键零部件、智能终端
		节能环保	电机系统、工业锅炉等环保设备
		动力电池及配套	部分动力电池及结构件、隔膜等非涉化配套
南溪区	南溪经济开发区（九龙功能区）	白酒食品	名优白酒、休闲食品
	南溪经济开发区（罗龙功能区）	医疗器械	医疗耗材、器械、医药化工
		动力电池及配套	铜箔
叙州区	宜宾储能产业园区	储能电池	储能产业

江安县	江安县工业园区	新能源电池材料	先进锂材料、先进电极、电解液、隔膜等材料
		绿色化工	氯碱化工、氯钛化工
		绿色食品	白酒、肉制品、饲料加工
屏山县	屏山经济开发区	纺织服装	生物基纤维、纺织服装产业
		锂电高载能	石墨负极材料等
		能源化工	电池回收利用、页岩气、煤层气及医药中间体、医药制剂等
高县	高县经济开发区（贾村、庆符、福溪功能区）	新型材料	商砼、装配式建材、装饰建材及蚕桑丝绸等
		食品饮料	白酒、食品、茶加工等特色农产品
		钙基新材料	高端石材、文创石材、防水等功能性建材
兴文县	兴文经济开发区	林竹产品	竹食品、竹原纤维、以竹代塑等精深加工产业
		绿色食品	富硒食品、硒茶叶等
		绿色建材	中高端陶瓷、新型墙体、装配式建筑、隔热材料
珙县	珙县经济开发区	硅基及玻璃	玻纤、玻璃、光能、半导体硅片等
		表面处理	新型涂层材料、新型颜料油墨等
		竹木制品	竹食品、竹木加工
长宁县	长宁经济开发区（宋家坝功能区）	新能源电池材料	储能
	长宁经济开发区（双河功能区）	绿色食品	笋竹食品、酒类加工
筠连县	筠连经济开发区（海瀛功能区）	现代中医药	中药饮片、制剂及中医创新、改良药，生物体原料提取药及功能性化妆品等
		绿色建材	高端石材、玄武岩纤维、石英砂纤维等
		绿色食品	精制川茶、农产品精深加工产业

CATALOGUE OF INDUSTRIAL LAYOUT POSITIONING

YIBIN INDUSTRIAL PARK (ECONOMIC DEVELOPMENT ZONE, HI-TECH ZONE AND INDUSTRIAL PARK)

District/County	Park Name	Leading Industry	Key Fields
Sanjiang New Area	Yibin Lingang Economic and Technological Development Zone	Electronic information	Core components, intelligent terminal and application software
		High-end equipment manufacturing	New energy vehicles and their core parts, intelligent rail, intelligent equipment and their core parts
		New materials	Lithium advanced materials, new magnetic materials, high-end metal structure materials, semiconductor materials
		Power battery and supporting services	Cell and core supporting facilities
High-tech Zone	Yibin High-tech Industrial Park	Photovoltaic industry	PV rods, wafers, cells, modules and supporting industries
		Intelligent Manufacturing	Automotive parts and components and other intelligent manufacturing industries
		New Materials	New materials for nuclear fuel and components
		Food and Beverage	White wine, beer, meat products and other food and beverage products.
Cuiping District	Wuliangye Industrial Park	Chinese baijiu and food	Famous and high-quality Chinese baijiu, characteristic food
	Cuiping District Industrial Park	Electronic information	Key parts and intelligent terminals
		Energy conservation and environmental protection	Motor system, industrial boiler and other environmental protection equipment
Nanxi District	Nanxi Economic Development Zone (Jiulong Functional Zone)	Power battery and supporting services	Some of the power batteries and structural elements, diaphragms and other supporting facilities unrelated to chemical industry
		Chinese baijiu and food	Famous and high-quality Chinese baijiu, and leisure food
	Nanxi Economic Development Zone (Luolong Functional Zone)	Medical devices	Medical consumables, equipment, medicine and chemical industry
Xuzhou District	Yibin Energy Storage Industrial Park	Power battery and supporting services	Copper foil
		Energy storage battery	Energy storage industry

Jiang'an County	Jiang'an County Industrial Park	New energy battery materials	Advanced lithium materials, advanced electrodes, electrolyte, diaphragm and other materials
		Green chemical industry	Chlor-alkali chemical industry, titanium chloride chemical industry
		Green food	Chinese baijiu, meat products, feed processing
Pingshan County	Pingshan Economic Development Zone	Textile and garment	Bio-based fiber, textile and garment industry
		High-load lithium energy	Graphite anode materials, etc.
Gaoxian County	Gaoxian County Economic Development Zone (Jiacun, Qingfu and Fuxi functional zones)	Energy chemical industry	Battery recycling, shale gas, coalbed methane and pharmaceutical intermediates, pharmaceutical preparations, etc.
		New materials	Commercial concrete, prefabricated building materials, decorative building materials and sericulture silk, etc.
		Food and beverage	Chinese baijiu, food, tea processing and other characteristic agricultural products
Xingwen County	Xingwen Economic Development Zone	Calcium-based new materials	High-end stone, cultural and creative stone, waterproof and other functional building materials
		Bamboo products	Bamboo food, bamboo fibrous fiber, plastic substitution by bamboo and other deep processing industries
		Green food	Selenium-rich food, selenium tea, etc.
Gongxian County	Gongxian Economic Development Zone	Green building materials	Middle and high-end ceramics, new walls, prefabricated buildings, heat insulation materials
		Silicon-based materials and glass	Glass fiber, glass, optical energy, semiconductor silicon wafer, etc.
		Surface processing	New coating materials, new pigment ink, etc.
Changning County	Changning Economic Development Zone (Songjiaba Functional Zone)	Bamboo products	Bamboo food, bamboo and wood processing
	Changning Economic Development Zone (Shuanghe Functional Zone)	New energy battery materials	Energy storage
Junlian County	Junlian Economic Development Zone (Haiying Functional Zone)	Green food	Bamboo shoot food, liquor processing
		Modern TCM	TCM decoction pieces, preparations and innovated or improved TCM drugs, biological raw material extracts and functional cosmetics, etc
		Green building materials	High-end stone, basalt fiber, quartz sand fiber, etc
		Green food	Refined Sichuan tea, agricultural products deep processing industry

要素成本 ELEMENT COST

我市要素保障优势明显，工业用水单价2.6元/方，比一线城市低1.95元/方；工业用电最低补贴至0.45元/度，比一线城市低0.17元/度；工业用气2.19元/方，比一线城市低0.3元/方；蒸汽成本150元/吨，比一线城市低50元/吨；工业用地168元/平方米，比一线城市低120元/平方米以上。

我市产业基金多元，目前市内在管基金16支，认缴236.99亿元，实缴124.3亿元，全面满足企业多样化融资需求，助力企业做大做强。

Yibin City enjoys obvious element guarantee strengths, including water rate of RMB 2.6/m³ for industrial purpose, which is RMB 1.95/m³ lower than that of the first-tier city; electricity rate of RMB 0.45/kW · h for industrial purpose based on the lowest subsidy, which is RMB 0.17/kW · h lower than that of the first-tier city; gas rate of RMB 2.19/m³ for industrial purpose, which is RMB 0.3/m³ lower than that of the first-tier city; steam rate of RMB 150/t, which is RMB 50/t lower than that of the first-tier city; land rate of RMB 168/m² for industrial purpose, which is at least RMB 120/m² lower than that of the first tier city.

Furthermore, industrial foundations bloom in the city. At present, there are 16 foundations in the city with subscribed amount of RMB 23.699 billion and paid-in contribution of RMB 12.43 billion to fully meet the diversified financing demands of enterprises and help them to become large and capable.

地区	工业用水	工业用电	工业用气	蒸汽
宜宾	2.60元/m ³	最低补贴至 0.45元/千瓦时	最低补贴至 2.19元/m ³	150元/吨
一线城市	4.55元/m ³	0.62元/千瓦时	2.49元/m ³	200元/吨
